TIMER NATIONAL SERIES

EVALUATION TEST

STD 7 ENGLISH

{7}

READ THESE INSTRUCTIONS CAREFULLY

1. You have been given this question paper and a separate answer sheet. The question paper contains 50 questions.
2. Do not write on this question paper.
3. When you have chosen your answer, mark it on the ANSWER SHEET, not in this question paper.
4. Make sure that you have written on the answer sheet.

HOW TO USE THE ANSWER SHEET

YOUR NAME

NAME OF YOUR SCHOOL

Time: 1 hr. 40 mins

Read the passage below. It contains blank spaces numbered 1 to 15. For each blank space, choose the best answer from the choices given.

Moving to a 1 country can be an exciting, even exhilarating 2. In a new environment, you 3 feel more alive 4 seeing new 5, eating new food, hearing the foreign 6 of a new language, and feeling a different climate 7 your skin stimulate your senses as never before. 8, however, this sensory bombardment becomes sensory overload. Suddenly, new experiences seem 9 rather than stimulating, and delight turns into 10. This is the phenomenon known 11 culture shock. Culture shock is more than jet lag 12 homesickness, and it affects nearly everyone who enters a new culture 13 tourists, business travellers, diplomats and students 14. Although not everyone experiences culture shock in exactly the same way, many experts agree that it has 15 five stages.

- | | | | | |
|-----|--------------|---------------|--------------|---------------|
| 1. | A. another | B. foreign | C. new | D. far |
| 2. | A. event | B. experience | C. knowledge | D. journey |
| 3. | A. likely | B. mostly | C. just | D. somehow |
| 4. | A. , | B. ; | C. : | D. ! |
| 5. | A. sights | B. scenes | C. place | D. people |
| 6. | A. noise | B. sounds | C. vowels | D. stories |
| 7. | A. against | B. on | C. by | D. in |
| 8. | A. After | B. But | C. Though | D. Soon |
| 9. | A. stressful | B. burdening | C. hurting | D. confusing |
| 10. | A. enjoyment | B. discomfort | C. cry | D. excitement |
| 11. | A. like | B. as | C. to be | D. to |
| 12. | A. and | B. also | C. or | D. even |
| 13. | A. - | B. (| C. " | D. _ |
| 14. | A. all | B. a like | C. alike | D. similar |
| 15. | A. almost | B. about | C. nearly | D. roughly |

For questions 16 to 18, choose the alternative that best completes the sentences given

16. As if he had seen a warthog,
A. Omolo started screaming for help.
B. we started running away.
C. all of them raised their weapons.
D. I asked him to be careful.
17. If I had passed well,
A. I would have gone to Alliance High School.
B. I would go to Alliance High School.
C. I will have to go to Alliance High School.
D. I would be going to Alliance High School.
18. The vulture wondered how the meat _____ be so sweet.
A. should B. would
C. could D. may

For questions 19 to 21, choose the alternative that means the same as the given sentence

19. If it were not for Brenda's quick response, the boy would have died.
A. The boy died because Brenda responded quickly.
B. The boy survived because Brenda responded quickly.
C. Brenda responded quickly and the boy survived.
D. Brenda gave the boy a reason to survive by responding quickly.
20. Karathe hardly visits the old town.
A. Karathe never visits the old town.

- B. Karathe visits the old town always.
C. Karathe has stopped visiting the old town.
D. Karathe visits the old town less often.

21. All the boys but Okoyo, made a walking stick.
A. Okoyo made a walking stick.
B. All the boys made a walking stick better than Okoyo.
C. Only Okoyo failed to make a walking stick.
D. All the boys and Okoyo made a walking stick.

For questions 22 and 23, choose the alternative that least fits in the group

22. A. luggage B. furniture
C. equipment D. devices
23. A. Elephant B. Hippopotamus
C. Whale D. Baboon

For questions 24 and 25, choose the alternative that is correctly punctuated.

24. A. I'm tired of reminding him everyday!
B. Can you two shut up?
C. Sansa, my nephew, is an artist.
D. Try again and again; until you finish.
25. A. "We won't be coming tomorrow," he said, "it's a holiday."
B. "We won't be coming tomorrow, he said, it's a holiday."
C. "We won't be coming tomorrow," He said, "it's a holiday."
D. "We won't be coming tomorrow," he said, "It's a holiday."

Read the passage below and answer questions 26 to 38.

Eyamba of Calabar was a very powerful king. He fought and conquered all the surrounding countries, killing all the old men and women, but the able-bodied men and girls he caught and brought back as slaves, worked on the farms until they died.

This king had two hundred wives, but none of them had borne a son to him. His subjects, seeing that he was becoming an old man, begged him to marry one of the spider's daughters, as they always had plenty of children. But when the king saw the spider's daughter he did not like her, as she was ugly, and the people said it was because her mother had had so many children at the same time. However, in order to please his people he married the ugly girl, and placed her among his other wives, but they all complained because she was so ugly, and said she could not live with them. The king, therefore, built her a separate house for herself, where she was given food and drink as the other wives. Every one **jeered** at her on account of her ugliness; but she was not really ugly; but beautiful, as she was born with two skins, and at her birth her mother was made to promise that she should never remove the ugly skin until a certain time arrived save only during the night, and that she must put it on again before dawn. Now the king's head wife knew this, and was very fearful lest the king should find it out and fall in love with the spider's daughter; so she went to a Ju Ju man and offered him two hundred rods to make a potion that would make the king forget altogether that the spider's daughter was his wife. This the Juju man finally consented to do, after much haggling over the price, for three hundred and fifty rods; and he made up some "medicine," which the head wife mixed with the king's food. For some months this had the effect of making the king forget the spider's daughter, and he used to pass quite close to her without recognising her in any way. When four months had elapsed and the king had not once sent for Adiaha (for that was the name of the spider's daughter), she began to get tired, and went back to her parents. Her father, the spider, then took her to another Juju man, who, by making spells and casting lots, very soon discovered that it was the king's head wife who had made the Ju Ju and had enchanted the king so that he would not look at Adiaha. He therefore told the

spider that Adiaha should give the king some medicine which he would prepare, which would make the king remember her. He prepared the medicine, for which the spider had to pay a large sum of money; and that very day Adiaha made a small dish of food, into which she had placed the medicine, and presented it to the king. Immediately he had eaten the dish, his eyes were opened and he recognised his wife, and told her to come to him that very evening. So in the afternoon, being very joyful, she went down to the river and washed, and when she returned she put on her best cloth and went to the king's palace.

The moment it was dark and all the lights were out, she pulled off her ugly skin, and the king saw how beautiful she was, and was very pleased with her; but when the cock crowed Adiaha pulled on her ugly skin again, and went back to her own house.

This she did for four nights running, always taking the ugly skin off in the dark, and leaving before daylight in the morning. In course of time, to the great surprise of all the people, and particularly of the king's two hundred wives, she gave birth to a son; but what surprised them most of all was that only one son was born, whereas her mother had always had a great many children at a time, generally about fifty.

|--|--|
| <p>26. Why was Eyamba a powerful king? He</p> <p>A. was the king of Calabar.
 B. fought and conquered all the surrounding countries.
 C. killed all old men and women.
 D. brought back slaves to work on the farms.</p> <p>27. The marital status of the king can best be described as</p> <p>A. polygamous B. polyandrous
 C. monogamous D. husbandry</p> <p>28. Why did the subjects ask the King to marry one of the spider's daughters?</p> <p>A. They had plenty of children.
 B. He had many wives.
 C. He was becoming old but was sonless.
 D. Spider's daughters were always ugly.</p> <p>29. Why was the spider's daughter ugly according to the passage?</p> <p>A. She was born in a large family.
 B. Her mother had many children at the same time.
 C. She was not healthy.
 D. Her mother gave birth to many children.</p> <p>30. What made the king to marry the spider's daughter?</p> <p>A. He was forced by his subjects.
 B. The spider's daughter was capable of bearing sons.
 C. His wives asked him to.
 D. He wanted to please his subjects.</p> <p>31. The other wives complained about the new bride because</p> <p>A. she was ugly.
 B. they thought she would compete with them.
 C. the king would love her more than them.
 D. they thought she could not live with them.</p> <p>32. Which of the following shows that the king was fair to his wives?</p> <p>A. He built them separate houses.</p> | <p>B. Every wife had a good house and clothing.
 C. All the wives were fed equally.
 D. The wives loved each other.</p> <p>33. One of the following words means the opposite of the word jeered as used in the passage, which one?</p> <p>A. Cheered B. Booed
 C. Yelled D. Celebrated</p> <p>34. Which of the following statements is true according to the passage?</p> <p>A. The spider's daughter had two skins which would be put on at the same time.
 B. The beautiful skin would only be put on during the night.
 C. The king's head wife knew the secret of the spider's daughter's double skin.
 D. Spider's daughter was a supernatural creature.</p> <p>35. What was the purpose of the "medicine" given to the king? To</p> <p>A. confuse him.
 B. interfere with his sound thinking.
 C. make him forget about the new bride.
 D. help him realize he made wrong decision to marry the spider's daughter.</p> <p>36. What was similar about the two Juju men mentioned in the passage? They</p> <p>A. both had medicine for confusion.
 B. asked a colossal pay for their services.
 C. could cancel a spell.
 D. were both called Juju.</p> <p>37. How many son's were in the spider's family?</p> <p>A. Fifty B. One
 C. Approximately fifty D. More than fifty</p> <p>38. The best title for this passage would be</p> <p>A. The woman with two skins.
 B. The Juju man.
 C. A king with many wives.
 D. Eyamba I.</p> |
|--|--|

Read the passage below and answer questions 39 to 50

You may think that expecting food to change your life is too much to ask. But have you considered that eating the right food at the right time will increase energy, help you manage weight and ward off major illness? Researchers have found that eating a meal with plenty of protein leaves you feeling more satisfied for longer when compared to a meal loaded with low - quality carbohydrates. Your body takes longer to digest protein, leading to a gradual increase in blood sugar.

The high protein breakfast will therefore carry you through the morning and more importantly, through your tea break, many high carbohydrate meals are absorbed quickly and send blood sugar on a roller coaster ride, taking your appetite with it and depleting your energy.

Many foods contain antioxidants, but fruits and vegetables may be the richest source. Behaving like chemical warriors, antioxidants neutralise molecules known as free radicals before they damage arteries and body cells. This protects you from heart diseases, high blood pressure, cancer and diabetes. You can now see why antioxidant foods should be consumed in generous portions.

Actually, forget pills - antioxidants work best when consumed in foods. In fact, nutritionists recommend that we eat five portions of fruit and vegetables a day. It's less daunting than it sounds: a portion equals a piece of fruit, three tablespoons of cooked vegetables or a glass of fresh juice.

And do you desire to relieve yourself of some baggage? Calcium is the latest weight - loss star to appear on the scene. Scientists stumbled on its magic by accident. From a study that measured the blood pressure of obese people; it was discovered that those who took one large tub of yoghurt a day in their diet lost an average of eleven pounds of body fat in one year, even though they did not eat less.

A follow-up study found that people on a high calcium diet lost weight and fat than did people on a low - calcium diet - and again, both consumed the same number of calories. Researchers believe calcium encourages fat cells to stop "getting farther." Instead, the cells burn extra fat without you having to go anywhere near a gymnasium.

It probably sounds strange to say that you can eat more in order to lose weight. Obviously, the question you should ask immediately is, "Eat more of what?" We are talking about foods rich in fibre. They have what is referred to as low- energy density; that translates to few calories relative to weight. This means that you can down a mountain without fear of calories overload.

Fibre also aids weight loss because it's filling. Most high - fibre foods take a lot of chewing, triggering your body's fullness sensors. Moreover, you absorb the food more slowly so you feel full longer.

Will the wonders of food ever cease? Not if researchers in nutrition keep their pace. Let them keep the good news flowing- such as the fact that we don't have to starve ourselves to lose weight and keep diseases at bay.

39. Which of the following statements is true according to the first paragraph?
- A. Eating food at the right time may lower chances of getting sick.
 - B. Good eating routine helps keep fit and avoid some diseases.
 - C. Questions about food are hard to answer.
 - D. People easily gain weight when they eat some food.
40. What does it mean to say 'researchers have found.....?'
- A. Some research on eating has been found.
 - B. A proof of proper eating has been found.
 - C. A study on eating has been done and conclusion reached.
 - D. Some people have disagreed with the facts about eating.
41. Why does one remain satisfied longer if fed on protein than carbohydrates?
- A. The body takes longer time to digest proteins.
 - B. Protein leads to increase in body sugar.
 - C. Carbohydrates add a lot of energy.
 - D. Proteins are often heavier than carbohydrates.
42. What is the impact of taking a breakfast full of carbohydrates?
- A. They are absorbed quickly thus makes you feel hungry.
 - B. They send blood sugar on a roller coaster since they are absorbed quickly.
 - C. They easily deplete your energy.
 - D. You can easily lack appetite after taking them.
43. What is the purpose of antioxidants according to the passage? They
- A. damage arteries and body cells.
 - B. neutralise molecules and radicals that damage arteries.
 - C. act as chemical warriors by neutralising radicals that damage arteries and body cells.
 - D. protect heart from diseases.
44. Which among the following is not a disease related to the free radicals found in the body?
- A. Blood pressure.
 - B. Cancer.
 - C. Diabetes.
 - D. Overweight.
45. The nutritionist recommendation about the consumption of antioxidants can best be termed as
- A. fixed.
 - B. variant.
 - C. impossible.
 - D. daunting.
46. How, according to the passage did scientist know about the importance of calcium in a diet?
- A. Coincidence
 - B. Research
 - C. Study
 - D. Nutritionist
47. Which of the following can best replace the phrase "getting farther" as used in the passage?
- A. Growing
 - B. Reducing
 - C. Improving
 - D. Working
48. What is the contrast sentence in the eighth paragraph?
- A. "Eat more of what?"
 - B. Eat more in order to lose weight.
 - C. We are talking about foods rich in fibre.
 - D. Down mountains without fear of calories.
49. Which of the following is a function of fibre mentioned in the passage?
- A. They encourage chewing.
 - B. The body's sensors are triggered by them.
 - C. They act as fillers.
 - D. They lower the rate of food absorption.
50. The best title for this passage would be
- A. Research on good food.
 - B. Implication of poor eating habits.
 - C. The fibre and its functions.
 - D. Facts about healthy feeding.

MAJARIBIO YA MTHANI

DARASA LA SABA KISWAHILI

{7}

SOMA KWA MAKINI MAAGIZO YAFUATAYO

1. Umpewa kijitabu cha maswali na karatasi ya kijitabu hiki kina maswali 50.
2. Ikiwa utataka kuandika chochote ambacho si jibu andika katika kijitabu hiki.
3. Ukisha chagua jibu lako lionyeshe katika **KARATASI YA MAJIBU** wala sio katika kijitabu hiki cha maswali.

Muda: Saa 1 dakika 40

JINA LA KO

JINA LA SHULE YAKO

Chagua kiteuzi kinachofaa zaidi kujaza pengo 1-15.

Siku 1 niliamka mapema 2 ya jua 3 miale 4. Naam, ilikuwa siku yangu ya 5 katika darasa langu 6 la saba. Nilijitayarisha haraka na kujiami kwa 7 langu lililojaa vitabu vya kuandika na kusoma. Niliwasili shuleni dakika chache kabla ya wakati rasmi. Wanafunzi 8 walivalia nyuso zenye 9. Nilifurahi kuwaona 10 zangu Bidii, Kazoroho na Tendamambo.

	A.	B.	C.	D.
1.	hio	hii	hizo	hiyo
2.	baada	mighairi	kabla	kando
3.	kutoa	kueneza	kuleta	kuchomoza
4.	yake	zake	yao	yangu
5.	mwanzo	kwanza	mwisho	kuanzia
6.	mpya	la	jipya	mapya
7.	shada	mfuko	sare	shanta
8.	sote	wachache	wote	nyote
9.	majonzi	furaha	huzuni	simanzi
10.	marafiki	rafiki	maadui	walimu

Tabia ya 11 watoto sharti 12 kwa jino na 13. Watoto wote 14 sawa, awe wa kike au 15 mradi wapewe fursa sawa na motisha kutumia vipawa vyao ipasavyo.

	A.	B.	C.	D.
11.	kuwabagua	kuwambagua	kuwatesa	kuwasaidia
12.	ipikwe	limarishwe	ipingwe	isifiwe
13.	kucha	ukucha	jiwe	msumari
14.	si	wako	sio	ni
15.	msichana	mume	kiume	wa kiume

Kutoka swali la 16-30, chagua kiteuzi sahihi.

16. Kamilisha salamu.
"Alamsiki"
A. tunayo B. inshallah
C. binuru D. lala unono
17. Chagua wingi wa sentensi hii.
Dereva wa gari dogo ndiye aliyeshinda.
A. Dereva wa magari dogo ndio walioshinda.
B. Madereva wa magari madogo ndio walioshinda.
C. Madereva wa gari ndogo ndio walioshinda.
D. Madereva wa magari madogo ndiye aliyeshinda.
18. Kipi si kiungo cha upishi?
A. Wali B. Pilipili
C. Nyanya D. Dania
19. Chagua sentensi ambayo si sahihi.
A. Chakula chenye kilipikwa na Nina.
B. Chakula chenye kilipikwa ni kitamu.
C. Mwenye kioski aliuza shamba lake.
D. Vitabu vya wenyewe ni vingi.
20. Katika bendera yetu ni rangi gani inayoonyesha ardhi yetu yenye rutuba?
A. Nyekundu B. Nyeupe
C. Kijani kibichi D. Nyeusi
21. Kamilisha sentensi:
Baada ya Ringa kuambukizwa virusi vya ukimwi alisononeka
A. sonono sonono
B. sonone sonone
C. sone sone
D. sonooono.
22. Mtoto wa mbu huitwa kiluwiluwi, naye wa chura huitwa
A. kiluwiluwi B. buu
C. nirihi D. kikuto
23. Kitenzi kutokana na nomino "mtoro" ni
A. torokea B. barabara
C. torosha D. toroka
24. Kitendawili.
Ng'ombe wangu akinyeshewa hakamuliki
A. Mwizi B. Ndama
C. Kiberiti D. Mto
25. Kitenzi "pasua" katika kauli ya kutendewa ni
A. pasulia B. pasulika
C. pasulisha D. pasuliza
26. Baada ya Tendamambo kuupasi mtihani wake kwa alama za juu zaidi, walimu wake walimpongeza na kumpa zawadi kadhaa. Je, ni methali gani inayoweza kuoana na tukio hilo?
A. Mtaka cha mvunguni sharti ainame.
B. Chanda chema huvikwa pete.
C. Mcheza kwao hutuzwa.
D. Mchezea tope humrukia.
27. Jaza pengo kwa kiambishi "Amba".
Ngoma _____ ilipasuka ni ya Manju.
A. ambalo B. ambazo
C. ambayo D. ambao
28. Taja alama hizi:
(), ., !, :
A. paradisi, koloni, hisi, kituo
B. paradisi, kituo, nukta, koloni
C. paradisi, kituo, koloni, hisi
D. paradisi, nukta, hisi, koloni
29. Mpunga huzaa mchele, mgomba huzaa
A. gomba B. mkwaju
C. ndizi D. maembe
30. Njia kuu ya kusambaza virusi vya ukimwi ni
A. kuwa mwaminifu katika ndoa.
B. kuolewa mapema.
C. kufanya ngono kiholela.
D. kufanya mapenzi katika ndoa.

Soma kifungu kisha ujibu swali la 31-40

Mwalimu mkuu, Naibu mwalimu mkuu, walimu wote, viranja wote wenzangu na wanafunzi wote, hamjambo? Jioni ya leo ninayo furaha tele kusimama mbele yenu ili kuwafahamisha njia na mbinu bora tunapojitahidi kupata matokeo ya kupendeza.

Kwanza sharti tujue na kufahamu wazi kuwa nidhamu ndicho chanzo cha mafanikio. Sisi wanafunzi hatuna budi kuwaheshimu wazazi wetu shuleni. Hawa mnaowaona hapa mbele yetu ndio baba na mama tukiwa shuleni. Ninawaomba tuwaheshimu na kuomba msaada wa elimu kutoka kwao. Wajuzi wa lugha hawakukosea waliponena "Jungu kuu halikosi ukoko." Ninafahamu bila tashwishi kuwa wao ni hodari, naye mbwa wa msasi mkali

Madarasani mwetu tujiunge na makundi ya kusaidiana kujadiliana maswali. Sisemi makundi ya marafiki, la asha, bali makundi ambayo ni ya jinsia zote mbili yatafaa zaidi. Wanafunzi wanyonge wajiunge na wale hodari ili kuimarika zaidi.

Jifya moja haliinjiki chungu; ni lazima tushirikiane kutafuta karatasi za mitihani iliyotangulia ili tupate taswira ya maswali mbalimbali na mbinu za kukabiliana nayo.

Ninawasihi kwa unyenyekevu tutumie muda wetu shuleni kwa hekima. Ninawajua baadhi ya **wanafunzi ambao ni mbwakoko shuleni**. Ni lazima wakomeshe tabia hii la sivyo watajuta **nayo** majuto ni mjukuu huja kinyume.

Ningetaka kumpongeza mwalimu wetu mkuu Bwana Matendobora. Juhudi zake zimezaa ujenzi wa maktaba shuleni mwetu. Maktaba yetu imejaa **mabuku** unuwai ya kusoma. Ninawasihi tuvutumie vitabu hivi ili tupate matokeo bora. Je, ni nani asiyepeleka kupita mtihani wake? Kwa muda sasa nimeitembelea maktaba yetu na kusoma vitabu vya hadithi za kupendeza zenye lugha sanifu ya Kiswahili. Kusema kweli nimeimarika sana katika uandishi wa mitungo, nawe pia nakuomba ufanye hivyo mara moja.

Asante sana kwa kunisikiliza. Mungu awajalie mema.

|---|--|
| <p>31. Kati ya hawa ni nani ambao hawakuwepo katika shughuli hii?
A. Walimu B. Wananfunzi
C. Wavyele D. Viranja</p> | <p>A. watukutu.
B. wenye tabia mbaya.
C. wasiowatii walimu.
D. wenye tabia ya kurandaranda ovyoovyo.</p> |
| <p>32. Ni wazi kuwa hotuba hii ilitolewa na
A. mwalimu mkuu
B. mwalimu wa darasa
C. naibu mwalimu mkuu
D. kiranja mkuu</p> | <p>37. Msemaji anampongeza mwalimu mkuu kwa
A. kuimarisha mtungo wake.
B. bidii nyingi.
C. ujenzi wa maktaba shuleni.
D. mabuku unuwai.</p> |
| <p>33. Ni lipi ambalo si shauri lililotolewa na msemaji?
A. Kutengana kwa kukosa jibu.
B. Kujiunga na makundi.
C. Kuwa na nidhamu.
D. Kusoma maktabani.</p> | <p>38. Ni manufaa gani ambayo msemaji ameyapata kutoka maktabani?
A. Vitabu vya hadithi.
B. Kutembelea maktaba.
C. Kuimarisha uandishi wa mtungo.
D. Vitabu vyenye lugha sanifu.</p> |
| <p>34. Kulingana na aya ya pili wazazi shuleni ni
A. wazazi B. walimu
C. wanafunzi D. viranja</p> | <p>39. Katika aya ya mwisho msemaji ana ombi kuwa wenzake
A. wasiende maktabani.
B. wajitahidi zaidi.
C. wasome.
D. waende maktabani na kusoma.</p> |
| <p>35. Ni methali gani ambayo haijitokezi katika kifungu hiki?
A. Jifya moja haliinjiki chungu.
B. Mtaka cha mvunguni sharti ainame.
C. Jungu kuu halikosi ukoko.
D. Majuto ni mjukuu huja baadaye.</p> | <p>40. Anayetoa hotuba huitwa
A. hatibu B. msemaji
C. hadhira D. msikilizaji</p> |
| <p>36. "Ninawajua baadhi ya wanafunzi ambao ni mbwakoko" Maana ya kifungu hiki ni kuwa wapo wanafunzi</p> | |

Soma kifungu kwa makini kisha ujibu swali la 41-50

Ugonjwa huu pia huitwa waba! Kipindupindu ni uwele **unaozambazwa kwa haraka mithili ya moto nyikani** msimu wa kiangazi.

Wiki chache zilizopita waja kadhaa walienda jongomeo baada ya kubishwa mlango na waba. Sehemu zilizoathirika pakubwa ni za mitaa duni hasa jijini Nairobi.

Viini vya waba husambazwa kupitia maji na milo. Milo inayopikwa katika mazingira machafu ni hatari kubwa kila kunapokuwa na mkurupuko wa kipindupindu. Nzi ni mwepesi wa kuzambaza viini hivi hatari. Iwapo atatua juu ya chakula baada ya kushughulikia kinyesi au matapishi ya mgonjwa wa waba, basi viini amevizambaza.

Maji safi ya kunywa hupata viini iwapo mabomba ya kupitisha maji taka yanapotoboka na kuvuja, kisha kuchanganyika na maji yanayokunyewewa kiamboni.

Ole wako unayekula kabla ya kunawa mikono au kunywa maji ambayo hayajachemshwa! Kipindupindu kitakupinduapindua - msalani! Chooni! Kaburini!

Dalili za viini vya waba mwilini hujitokeza baada ya siku mbili au tatu. Mgonjwa huanza kusokotwa na tumbo hatimaye huanza kuendesha kwa fujo - kuweka msumari moto juu ya kidonda, mgonjwa huanza kutapika kwa fujo. Mgonjwa pia huendesha kinyesi chenye damu. Kuendesha na kutapika humfanya mwele kupoteza maji mengi sana mwilini.

Mgonjwa asipopata matibabu katika kipindi cha saa ishirini na nne, huyafunga macho yake milele na kulala usingizi wa milele!

Ingawaje kuna dawa za kutibu ugonjwa huu hatuna budi kukumbuka kuwa kinga yashinda tiba. Tunawe mikono kabla ya kula, baada ya kutembelea msalani. Lazima matunda yaoshwe kabla ya kuyala. Maji ya kunywa yachemshwe na kuhifadhiwa kwa njia safi, wasio na vyoo lazima wachukue hatua mara moja.

- | | |
|--|---|
| 41. Kulingana na aya ya kwanza kisawe cha kipindupindu ni
A. kipindupindu
B. uwele
C. waba
D. ugonjwa | 47. Wanaotahadharishwa katika aya ya tano <u>si pamoja na</u>
A. wasionawa mikono kabla ya kula.
B. wanaonawa mikono kabla ya kula.
C. wasiokunywa maji ambayo yamechemshwa.
D. wasiochemsha maji ya kunywa. |
| 42. "Unaozambazwa kwa haraka mithili ya moto nyikani msimu wa kiangazi" Fani hii ya lugha huitwa
A. semi
B. istiara
C. tashisi
D. tashbihi | 48. Ni ipi ambayo si dalili ya waba?
A. Kukohoa damu.
B. Kuendesha kwa fujo.
C. Kutapika kwa fujo.
D. Kusokotwa na tumbo. |
| 43. Kulingana na aya ya pili, <u>si kweli</u> kuwa
A. wapo waja waliokufa kwa waba.
B. waja walienda safari ya mbali.
C. kuna sehemu zilizoathiriwa zaidi na waba.
D. mitaa duni iliathiriwa pakubwa. | 49. Mgonjwa asipopata matibabu katika kipindi cha saa ishirini na nne hatima yake ni
A. afya
B. siha
C. kifo
D. furaha |
| 44. Njia mbili kuu ambazo viini vya waba huingia mwilini ni
A. maji ya mabomba.
B. chakula na maji.
C. nzi na maji.
D. maji na kinyesi. | 50. Katika aya ya mwisho mwandishi anatoa mawaidha kadhaa. Je ni lipi ambalo halijitokezi?
A. Kuchimba vyoo.
B. Kuchemsha maji ya kunywa.
C. Kuosha matunda kabla ya kuyala.
D. Kunawa mikono baada ya kula. |
| 45. Nzi husambaza viini vya waba kutoka kwa
A. kinyesi na damu.
B. matapishi na choo.
C. chakula na maji.
D. kinyesi na matapishi. | |
| 46. Kulingana na kifungu maji ya kunywa hupata viini vya waba kutoka kwa mabomba
A. ya maji.
B. yaliopasuka.
C. ya majitaka yaliyotoboka.
D. yote ya majitaka | |

EVALUATION TEST

STD 7 SCIENCE

{7}

READ THESE INSTRUCTIONS CAREFULLY

- You have been given this question paper and a separate answer sheet. The question paper contains 50 questions.
- Do not write on this question paper.
- When you have chosen your answer, mark it on the ANSWER SHEET, not in this question paper.
- Make sure that you have written on the answer sheet.

Time: 1 hr. 40 mins

HOW TO USE THE ANSWER SHEET

YOUR NAME

NAME OF YOUR SCHOOL

- Which one of the statements below is **not** true about the teeth?
 - A human being has four canines.
 - There are eight molars in children.
 - There are four incisors on the upper jaw and four on the lower jaw.
 - Molars and premolars have even tops.

- The diagram below is a set up in which a block of wood is pulled along different flat surfaces using a spring balance.

The set up above can be used to investigate

- inertia
 - friction
 - mass
 - gravity
- Which one of the following parts of a pitcher plant is used to trap insects?
 - Leaves
 - Stem
 - Branches
 - Flower
 - Which of the following samples of soil have the **least** drainage and greatest capillarity?
 - Silt
 - Loam
 - Clay
 - Sand
 - Which one of the following parts of a plant make up the female part of a flower?
 - Anther, style, sepal
 - Stigma, ovary, filament
 - Anther, filament, ovary
 - Stigma, style, ovary
 - A child was observed to have the following signs and symptoms of a certain nutritional deficiency disease;
 - Swollen stomach
 - Brown hair

iii. Sores at the corners of the mouth

Which foods should be included in the diet to prevent the above disease?

- Millet, carrot, apples
- Milk, beans, beef
- Rice, cabbages, oranges
- Sugarcane, arrowroots, eggs

Standard 5 pupils performed the experiment shown below during their Science practical lesson.

- Which process was taking place at point marked W?
 - Condensation
 - Freezing
 - Evaporation
 - Melting
- The following are ways of using water sparingly **except**;
 - closing taps when not in use.
 - repairing leaking water pipes.
 - shading.
 - use of drip irrigation.
- Which one of the following animal parasites attack liver, small intestines and the lungs?
 - Lungworm
 - Roundworm
 - Tapeworm
 - Hookworm
- Which one of the following processes is done second when separating a mixture of alumina filings and salt solution?
 - Evaporation
 - Dissolving
 - Use of magnet
 - Decantation

11. A Std 7 pupil took two balloons and rubbed them at the same time on his hair. He then brought them together. What was his observation?
- The two balloons repelled.
 - The two balloons burst out.
 - They did not attract nor repel each other.
 - The two balloons attracted each other.

12. Std 6 pupils of Greenfield school set up the experiment shown below to investigate the conditions necessary for germination.

In which setup were the seeds **likely** to germinate?

- ii only
 - i and ii
 - ii and iv
 - i and iii
13. Which one of the following is the third stage in HIV/AIDS infection?
- Incubation stage
 - Full blown stage
 - Asymptomatic stage
 - Symptomatic stage
14. Which disease is **correctly** matched with the age at which it is immunized?
- | | | |
|-----------------|---|----------|
| A. Polio | — | 9 months |
| B. Measles | — | 10 weeks |
| C. Tuberculosis | — | at birth |
| D. Diphtheria | — | 9 months |
15. Which one of the following is **not** a rotational method of grazing?
- Strip grazing
 - Paddockging
 - Herding
 - Tethering
16. When force is applied to an object, it does all the following **except**
- changes its direction.
 - moves faster.
 - stops moving if it was in motion.
 - becomes lighter.
17. When investigating the rate at which water rises in different types of soil, which one of the following need **not** be the same?

- Amount of soil
- Type of soil
- Size of cotton wool
- Sizes of tubes

18. Uncooked dried beans after harvesting can **best** be preserved traditionally by .
- adding ash
 - salting
 - drying
 - using honey
19. Which one of the following pair consists of storage pests?
- Weevils and cutworms
 - Aphids and army worms
 - Weevils and rats
 - Rats and aphids

Study the diagram below and answer the question below.

20. Which statement is **not** correct about the instrument above?
- On a sunny day, the level of coloured water in the tube will drop.
 - Its scale reads from top to bottom.
 - It works with the principle of expansion and contraction of liquids.
 - On a cold day, the space without water in the tube decreases.
21. Which one of the following is **not** a use of light energy?
- Communication
 - Warming
 - Making plant food
 - Security
22. Below are characteristics of a certain animal;
- Lays eggs
 - Cold blooded
 - Has no scales
 - Lives in water and on land
- Which type of animal has the above characteristics?
- Whale
 - Toad
 - Crocodile
 - Dolphin
23. When blood passes through the lungs, the amount of
- oxygen in the blood decreases.
 - sugar in the blood increases.
 - carbon dioxide in the blood increases.

D. oxygen in the blood increases.

24. It is **true** that plants do not depend on other plants for
- | | |
|------------|------------|
| A. support | B. shade |
| C. food | D. habitat |

The set-up shown below is a representation of an improvised water filter.

25. The layer marked **P** above represents
- | | |
|----------------|--------------|
| A. charcoal | B. pebbles |
| C. coarse sand | D. fine sand |
26. The following are characteristics of matter;
- Occupy space
 - Have a definite volume
 - Have no definite shape
 - Do not change state when heated
- Which one **best** suits the above characteristics?
- | | |
|-----------|---------------|
| A. Spirit | B. Oxygen |
| C. Wood | D. Toothpaste |
27. Standard seven pupils carried out an experiment using four liquids **P, R, S** and **M**. Liquid **P** mixed with liquid **R**. Liquid **P** did not mix with **M** but liquids **R** and **S** mixed completely. If all the four liquids were poured in one clear jar, how many layers were formed?
- | | |
|------|------|
| A. 2 | B. 1 |
| C. 3 | D. 4 |
28. Which one of the following statements describes the reason as to why rain gauge bought from shops is made of metallic material? To
- prevent evaporation of water collected.
 - make them firm.
 - withstand harsh weather conditions.
 - prevent water from splashing into the funnel.
29. The types of clouds that are feathery and are very high in the sky are **likely** to be
- | | |
|-----------------|------------|
| A. nimbus | B. stratus |
| C. fine weather | D. cumulus |
30. Which colours of the rainbow are found at the middle and top respectively?
- | | |
|---------------------|-------------------|
| A. Green and red | B. Red and green |
| C. Violet and green | D. Red and violet |

31. Which one of the following is **not** a function of all leaves?
- | | |
|------------------|-----------------|
| A. Transpiration | B. Food storage |
| C. Breathing | D. Making food |

32. Standard five pupils put some ice cubes in a glass as shown below and left it for some time. They later observed water droplets on the outer surface of the glass.

The **best** conclusion for this experiment is that

- water exists in solid form.
- ice cubes occupy space.
- ice melts from water droplets.
- air has moisture.

33. Which animal feed given below provides carbohydrates to the animals?
- | | |
|---------------|--------------|
| A. Maize germ | B. Bone meal |
| C. Salt lick | D. Lucern |
34. Which of the following plant nutrients is needed in large quantity by plants?
- | | |
|--------------|---------------|
| A. Manganese | B. Molybdenum |
| C. Magnesium | D. Chlorine |
35. Which one of the following is **not** a safety precaution against lightning?
- Avoid carrying sharp-pointed objects when it is raining.
 - Avoid wearing red coloured clothes during rains.
 - Use shoes with rubber sole while walking in the open on a rainy day.
 - Do not shelter under trees when it is raining.
36. When a pencil is half immersed into a glass of water slanting, it will appear to bend at the surface level of the water as shown below

The apparent bending of the pencil is as a result of

- reflection of light.
- breaking of the pencil.
- light passing through a medium.
- refraction of light.

37. Heat from the sun is able to reach the leaves of trees through a process called
- A. conduction B. radiation
C. convection D. transpiration
38. Which one of the following shows a pair of living components of the environment?
- A. Animals and plants B. Water and plants
C. Soil and air D. Soil and water

39. The diagram shown below shows a pyramid of a food chain.

- Which one of the following can best fit at point X in the food chain?
- A. Hen B. Grass
C. Grasshopper D. Mongoose
40. Which one of the following materials can not make a good insulator?
- A. Glass B. Steel wool
C. Cotton wool D. Wooden spoon

41. All the following diseases can be transmitted through drinking, swimming or walking in contaminated water **except**;
- A. cholera B. typhoid
C. bilharzia D. tuberculosis

42. Below are effects of a certain drug;
- i. *Drowsiness* ii. *Vomiting*
iii. *Difficulty in breathing* iv. *Memory loss*
- Which drug has the above effects?
- A. Bhang B. Heroin
C. Cocaine D. Alcohol

43. Iron sheets and marble stones can be damaged when they come into contact with
- A. acidic rain B. herbicides
C. oil spills D. dust

44. The diagram below shows properties of matter represented by letters M, N, O and P.

- Which one of the following characteristics of matter is represented by letter P?
- A. Has definite shape
B. has definite volume
C. Change state when heated.
D. Has definite mass.

45. Which one of the following is **not** a disadvantage of the force that opposes motion?
- A. Causes unwanted heat.
B. Enables vehicles to stop.
C. Making work difficult.
D. Wearing out of shoes.

46. Which one of the following type of levers belong to the same class as the one drawn below?

- A. Spade B. Crow bar
C. Wheelbarrow D. Claw hammer

47. Which one of the following materials given below can all be attracted by a magnet?
- A. Padlock, aluminium sheet, copper rod
B. Needle, geometrical set, glass rod
C. Spoon, cobalt, silver coins
D. Razor blade, steel wool, staple pins

48. The **most** appropriate method of separating a mixture of big solids that are of the same size is through
- A. decanting B. picking
C. use of a magnet D. winnowing

49. A farmer saw a bee flying from one flower to another on different branches of a tree. Which type of pollination was this?
- A. Self pollination B. Multi pollination
C. Cross pollination D. Bee pollination

50. Std four pupils performed the experiment shown below to investigate pressure in liquids.

- Through which hole did they observe the longest water jet?
- A. S B. P
C. None D. R and Q

Study the map of Nata area provided and answer questions 1-7.

1. The lowest point in Nata area is **likely** to be found in the
 A. north west B. south west
 C. north east D. south east
2. The approximate length of the tarmac road from Tasi market to the saw mill is
 A. 15.5 km B. 12.5 km
 C. 9.0 km D. 10.0 km
3. The Safaricom company plans to instal a booster in Nata area. The **most** suitable place to put it up would be near
 A. Tepe market B. the quarry
 C. Nata town D. Safi market
4. Traders at Safi market obtain their trade licences from the
 A. chief's camp
 B. post office
 C. municipal council offices
 D. sub-county offices
5. The following economic activities are all carried out in Nata area **except**;
 A. fish farming B. electricity generation
 C. mining D. tourism
6. Which one of the following combination of crops are **likely** to do well in the South Eastern part of Nata area?
 A. Pyrethrum and rice
 B. Sisal and cotton
 C. Sugarcane and tea
 D. Bananas and coffee
7. The two types of religions practised in Nata area are
 A. Islamic and Hinduism
 B. African traditional religion and Christianity
 C. Buddhism and Islamic
 D. Christianity and Islamic
8. The original homeland of the Nilotes was
 A. the Congo basin.
 B. South-East Asia.
 C. Bah-el-Ghazal.
 D. the horn of Africa.
9. Arusha town started **mainly** as an
 A. agricultural collection centre.
 B. industrial town.
 C. administrative centre.
 D. transport and communication centre.
10. The **main** economic activity carried out in the plateau regions of Africa is
 A. dairy farming B. pastoralism
 C. fishing D. tourism
11. Which one of the following organisations in Kenya is responsible for the production and distribution of maize seeds?
 A. Kenya Agricultural Research Institute - KARI

- B. National Cereals and Produce Board - NCBD
 C. Kenya Farmers Association - KFA
 D. Kenya Seed Company - KSC
12. One of the characteristics of African traditional education was that
 A. learners were taught number work.
 B. learning had a routine.
 C. learners acquired practical skills.
 D. knowledge was passed in a classroom situation.
13. Which one of the following occurrences can **not** be learnt by studying the revolution of the earth?
 A. Differences in the length of day and night.
 B. Time at different parts of the earth.
 C. Position of the midday sun.
 D. Why different parts of the earth have varied seasons.
14. Which one of the following groups of animals consist of the big five?
 A. Leopard, elephant, rhino, lion, buffalo
 B. Elephant, giraffe, rhino, lion, buffalo
 C. Buffalo, elephant, lion, giraffe, leopard
 D. Lion, elephant, cheetah, rhino, giraffe
15. The International African Association formed by King Leopold II in Congo Free State was **mainly** aimed at
 A. uniting all colonial masters in African colonies.
 B. abolition of slave trade and replace it with legitimate trade.
 C. empowering all the elite African people.
 D. giving land in Congo to private companies.
16. Below are statements about a multi-purpose river project in Africa;
 i. *It is built at a narrow point of the river valley.*
 ii. *The project was established in 1962.*
 iii. *It was mainly built to generate electricity for industrial use.*
 iv. *The HEP is exported to two neighbouring countries.*
 The river project described above is
 A. Kainji dam B. Aswan high dam
 C. Inga dam D. Akosombo dam
17. The diagram below represents a breeze.

The breeze occurs

- A. in the morning B. at night
- C. any time D. during the day

18. The Ngorongoro mountain in Tanzania and the Nyiragongo mountain in DRC have one thing in common. It is that they
 A. were both formed through volcanic eruption.
 B. are active volcanoes.
 C. are both examples of block mountains.
 D. are located on boundaries of two countries.
19. In which one of the following countries is the equatorial climate **not** experienced?
 A. Nigeria B. Gabon
 C. Cote d'Ivoire D. Gambia
20. Which one of the following groups of Eastern Africa communities have a common origin?
 A. Keiyo, Zaramo, Anuak
 B. Falasha, Boran, Shilluk
 C. Lango, Pokot, Nuer
 D. Batoro, Sebei, Tutsi
21. The Abushiri rebellion in Tanganyika was defeated **mainly** because
 A. African warriors lacked skilled war tactics.
 B. The Arabs had inferior weapons.
 C. Some Africans collaborated with Germans to fight their fellow Africans.
 D. There was severe famine at that time.
32. The volume of trade items among African countries is minimal simply because
 A. they produce similar goods.
 B. the quota system limits them.
 C. transport network is poorly developed.
 D. they don't have a common currency.
23. It is important for citizens to pay taxes because
 A. the law requires them to do so.
 B. they are given certificates after payment.
 C. the government is able to deliver its services to the people.
 D. it guides the government to identify the rich citizens.
24. The Nyamwezi chiefs had well trained machinery soldiers whose title was
 A. ntemi B. rugaruga
 C. mtwale D. mteko
25. Which one of the following is **not** a function of the body in charge of elections in Kenya?
 A. Conducting civil education.
 B. Offering funds for campaign to political parties.
 C. Setting the campaign period.
 D. Settling disputes related to nomination of candidates.
26. The Portuguese built Fort Jesus along the coast of Kenya in order to
 A. expand their trade activities.
 B. attract tourists.
 C. settle their surplus population.
 D. use it as a military base.
27. Below are uses of a mineral;
 i. Making photographic materials.
 ii. Used to make coins in the past.
 iii. Coating frames of spectacles.
 iv. Making ornaments.
 The mineral described above is
 A. copper B. gold
 C. diamond D. asbestos
28. Which one of the following is **not** a social use of soil?
 A. Burying the dead.
 B. Used for religious functions.
 C. Decoration in traditional ceremonies.
 D. Making pottery items.
29. Representative democracy is also called
 A. parliamentary democracy.
 B. direct democracy.
 C. participatory democracy.
 D. liberal democracy.
30. Which one of the following was **not** an objective of the formation of the East African Community - EAC?
 A. To provide common social services.
 B. Establishment of a common currency in the region.
 C. To promote food security.
 D. To promote technological development.
31. The following are some of the reasons that made European Nations to scramble for territories in Africa;
 i. Missionaries wanted protection against rival groups.
 ii. For strategic importance.
 iii. To establish markets for manufactured goods.
 iv. To abolish slave trade.
 v. To obtain raw materials for industrial development.
 Which combination of the reasons above are social-economic?
 A. i, ii, v B. iii, iv, v
 C. ii, iii, iv D. ii, iv, v
32. The **main** tourist attraction in Africa is
 A. pre-historic sites.
 B. coastal beaches.
 C. different types of land forms.
 D. variety of wildlife.
33. In which one of the following countries of Africa are temperate forests **not** found?
 A. Tunisia B. Algeria
 C. Egypt D. South Africa
34. The Lambwe valley of Kenya and the Miombo woodland of Tanzania have one thing in common. It is that they are

- A. unsuitable for livestock keeping.
- B. densely populated.
- C. natural forested areas.
- D. favourable for sugarcane growing.

Use the map of Africa below to answer questions 35-38.

35. The sun is overhead at the line of latitude marked $23\frac{1}{2}^{\circ}$ in the month of
 - A. June
 - B. September
 - C. March
 - D. December
36. The river marked P is shared by all the following countries **except**;
 - A. Zambia
 - B. Botswana
 - C. Zimbabwe
 - D. Mozambique
37. The capital city of the country marked J is
 - A. Yaounde
 - B. Lagos
 - C. Malabo
 - D. Abuja
38. The Island marked T is called
 - A. Mauritius
 - B. Seychelles
 - C. Re-Union
 - D. Comoros
39. Which one of the following groups of products does Kenya import outside Africa?
 - A. Fertilizer and flowers
 - B. Motor vehicles and vegetables
 - C. Electronics and crude oil
 - D. Coffee and machinery
40. The occupation of the Arabs along the Coast of Kenya in the 18th Century had all the following influences **except**;
 - A. emergence of the swahili culture.
 - B. new architectural designs.
 - C. improved transport in the region.
 - D. increased trade volume.
41. Which one of the following is **not** a role of the school in community development?
 - A. Preserving the culture of the community.
 - B. Provision of resource people.
 - C. Offering employment to the local community.
 - D. Participating in communal work.
42. Below are developments taking place in pastoral areas in Africa;
 - i. *Establishment of alternative economic activities.*
 - ii. *Cross breeding of livestock.*

- iii. *Development of ranches.*
 - iv. *Introduction of veterinary services.*
 - v. *Conducting research on animal diseases.*
- Which combination of the developments above are aimed at improving the quality of livestock?
- A. i, iv, v
 - B. ii, iii, iv
 - C. i, ii, iii
 - D. ii, iv, v

43. The **main** factor that influences population distribution in Egypt is
 - A. drainage
 - B. historical events
 - C. relief
 - D. government policy
44. Which one of the following was **not** a function of the clan in the pre-colonial period?
 - A. Setting out religious practices.
 - B. Recruiting armies to protect members from external attacks.
 - C. Allocation of land to clan members.
 - D. Safeguarding the values of the clan.
45. After the expiry of the life of a parliament, electoral positions are declared vacant by the
 - A. president
 - B. attorney general
 - C. IEBC
 - D. chief justice
46. The **best** way to reduce conflicts among the pastoral communities in Kenya is by
 - A. discussing the importance of peace with the concerned communities.
 - B. issuing them with fire arms for protection.
 - C. re-locating them in separate pastoral areas.
 - D. increasing police patrols in their areas of occupation.
47. A foreign country plans to have Kemboi who is a Kenyan athlete registered as their citizen but he refuses the offer. Kemboi portrays
 - A. selfishness
 - B. patriotism
 - C. ignorance
 - D. loyalty
48. Games reserves in Kenya are directly managed and controlled by the
 - A. national government.
 - B. Kenya wildlife service.
 - C. Ministry of Tourism.
 - D. county governments.
49. Three of the following are factors which favour the establishment of jua kali industries in Kenya. Which one is **not**?
 - A. Availability of cheap raw materials
 - B. Skilled labour
 - C. Ready market for the products made
 - D. Little space for the industries to start
50. The **main** contribution of soda ash to the economy of Kenya is that it has resulted to
 - A. the growth of Magadi town.
 - B. creation of job opportunities.
 - C. growth of related industries.
 - D. earning of foregin exchange.
51. Below are characteristics of a traditional method of farming;

- i. Land was cultivated then left to regain fertility.
 ii. Farmers had permanent settlement.
 iii. Some animals could be used to prepare land.
 iv. Crops were grown on rotational basis.
 The type of farming described above is
 A. bush fallowing B. plot rotational
 C. shifting cultivation D. intensive farming
52. The **most** wide spread form of transport in Eastern Africa is
 A. railway transport. B. air transport.
 C. road transport. D. water transport.
53. Co-curriculum activities are important in school **mainly** because they
 A. enable teachers to identify the best athletes.
 B. help teachers to develop the talents of pupils.
 C. bring many schools together for competitions.
 D. encourage pupils not to be idle.
54. In the scale 1:10000; 1 represents
 A. actual length.
 B. distance on the ground.
 C. distance on the map.
 D. approximate distance on the ground.
55. Which one of the following statements is **not** true about the rift valley in Kenya? It
 A. is narrow in the south.
 B. separates the eastern and the western highlands.
 C. consists several inland drainage systems.
 D. is almost flat from north to south.
56. The Europeans built the railway line in Eastern Africa because of all the following reasons **except** to
 A. promote the interests and welfare of Africans.
 B. make administration of the colonies more effective.
 C. transport raw materials to the coast.
 D. open up more white highlands.
57. The **main** function of the Kenya Tourism Board is to
 A. train tour guides.
 B. ensure security of tourists while in Kenya.
 C. identify tourist attractions in the country.
 D. advertise Kenya's tourism attractions abroad.
58. Which of the following ways of interactions was **most** common between the Aembu and the Akamba during the pre-colonial period?
 A. Cattle raiding B. Trading
 C. Intermarriages D. Games and sports
59. The role of the judicial system in Kenya is to
 A. administer justice.
 B. arrest and try suspects.
 C. rehabilitate convicts.
 D. investigate criminal activities.
60. Which one of the following conditions does **not** favour the growth of cocoa in Ghana?
 A. Low altitude
 B. Low temperatures
 C. Humid conditions
 D. Shelter from strong winds
- C.R.E.**
61. Which of the following statements is **not** true according to **Gen 1:26-30**? God
 A. is holy; God made man holy.
 B. is a trinity; he created man a trinity.
 C. has a will, he created man to have a will.
 D. is all powerful, he created man with similar power.
62. What did Noah do immediately he came out of the ark?
 A. Collapsed and died
 B. Drunk too much wine and lay naked.
 C. Called his family to celebrate.
 D. Made an altar and sacrifice to God.
63. Three of the following were the animals slaughtered during the covenant between Abraham and God **except**;
 A. dove B. ram
 C. chicken D. pigeon
64. After Moses broke the ten commandments given to him by God _____ wrote the other set of ten commandments. (**Exodus 31:1-9**)
 A. Joshua B. Aaron
 C. Moses D. God
65. According to **Genesis 28:16**, When Jacob awoke, he thought. "Surely the Lord is in this place. This is one other than the house of God and this is the gate of heaven." When was Jacob when he said this? At
 A. Paddan B. Egypt
 C. Bethel D. Haran
66. Who among the following personalities fulfilled God's promise to Abraham and made a strong nation?
 A. David B. Solomon
 C. Jacob D. Joseph
67. Which two of the following kings of Israel coveted?
 A. David and Ahab
 B. Ahab and Rehoboam
 C. David and Solomon
 D. Ahab and Jezebel
68. One of the following kings consulted a witch and requested that she brings a prophet of God back to life
 A. King Solomon B. King David
 C. King Saul D. King Ahab
69. Which one of the following miracles was performed by Jesus, Elijah and Elisha?
 A. Raising of widows' sons
 B. Healing of lepers

- C. Multiplication of food
D. Driving out of demons
70. Who among the following prophets raised the son of the widow of Zarepath from the dead?
A. Elijah B. Elisha
C. Jeremiah D. Hosea
71. Which prophet in the Old Testament lived and preached in ways similar to those of John the Baptist, wearing skin and eating wild fruits and honey?
A. Ezekiel B. Elisha
C. Elijah D. Hosea
72. Jesus showed that he was a servant of the disciples by
A. healing a lame man.
B. making bread.
C. washing his disciples feet.
D. feeding the people.
73. Who among the following talked of Jesus as the salvation to Jews?
A. Simon B. Joana
C. Ezekiel D. Anna
74. The healing of the ten lepers teaches Christians to be
A. repentant B. prayerful
C. kind D. thankful
75. Which one of the following was **not** Jesus miracle? He
A. raised a widow's son.
B. walked on water.
C. made an axe to float.
D. multiplied food.
76. According to the teachings of Jesus, the **best** use of personal wealth is to
A. buy personal belongings.
B. share it with the needy.
C. share it with relatives.
D. generate more wealth.
77. Jesus had transfigured on
A. Mt. Hermon B. Mt. Olives
C. Mt. Calvary D. Mt. Sinai
78. **When** resurrected Jesus found Cleopas and his friend, they were travelling to
A. Jericho B. Jerusalem
C. Damascus D. Emmaus
79. **Who preached** during the day of Pentecost?
A. John B. Peter
C. Paul D. Stephen
80. **The seven deacons** were appointed to
A. help in spreading the gospel.
B. pray for the apostles.
C. lay hands on the apostles.
D. help in the distribution of food and funds to the widows.
81. Who among the following people prayed while in prison and gates opened?
A. Paul and Timothy
B. Paul and Titus
C. Paul and Cornelius
D. Paul and Silas
82. Who among the following were specialists in the traditional African community?
A. Warriors B. Elders
C. Initiates D. Medicinemen
83. African traditional communities do **not** believe in the existence of
A. angels B. life after death
C. evil spirits D. prophets
84. Which one of the following is the **main** way the African traditional society showed respect for their dead relatives?
A. Singing to them
B. Calling out their names loud
C. Offering sacrifices and libation to them
D. Praying through them
85. Three of the following are occasions when prayers were offered in traditional African society. Which one is **not**?
A. Church services
B. Wedding ceremonies
C. Initiations
D. Burial ceremonies
86. Your schoolmate lost a one thousand shiling note. You saw the note and picked it up. As a Christian what would be the **best** action to take?
A. Buy some sweets for yourself.
B. Take it to your mother.
C. Share it with your friends.
D. Give it to the owner.
87. The word "Charismatic" means the
A. grace of God B. power of God
C. love of God D. work of God
88. Which one of the following is **not** a good way of using our talents?
A. Singing in the church
B. Singing immoral songs
C. Drawing for the art club
D. Playing football for your school
89. Which one of the following is **true** about work?
A. Work is done by people to get basic needs.
B. Work is a punishment for disobeying God.
C. Jesus **never** worked.
D. God never worked.
90. Which of these scriptures from the Bible were the missionaries fulfilling when they came to Africa?
A. Make straight paths for the Lord.
B. You will be my witnesses in Jerusalem, and in Judea and Samaria and to the ends of the earth.
C. I will command angels concerning you to guard you carefully.
D. Go make the tomb as secure as you can.

TIMER NATIONAL SERIES

EVALUATION TEST

STD 7 MATHEMATICS

{7}

READ THESE INSTRUCTIONS CAREFULLY

- You have been given this question paper and a separate answer sheet. The question paper contains 50 questions.
- Do not write on this question paper.
- When you have chosen your answer, mark it on the ANSWER SHEET, not in this question paper.

HOW TO USE THE ANSWER SHEET

- Make sure that you have written on the answer sheet.

YOUR NAME

NAME OF YOUR SCHOOL

Time: 2 hrs

- Which of the following is 7 070 707 in words?
 - Seven million, seven thousand and seven hundred and seven.
 - Seven million, seven hundred thousand and seventy seven.
 - Seven million, seventy thousand and seven hundred and seven.
 - Seven million, seventy thousand and seventy seven.
- What is 539.70364 rounded off to the nearest hundredths?
 - 539.7
 - 539.70
 - 539.704
 - 540
- What is the sum of GCD and LCM of 18, 24 and 36?
 - 72
 - 84
 - 66
 - 78
- What is the total value of digit 2 in the number 824 315?
 - 20 000
 - 23 000
 - 2 000
 - 24 000
- Which is the **correct** order of the fractions below when arranged from the largest to the smallest;
 $\frac{4}{11}, \frac{2}{3}, \frac{4}{5}$ and $\frac{3}{4}$?
 - $\frac{4}{5}, \frac{2}{3}, \frac{3}{4}, \frac{4}{11}$
 - $\frac{4}{5}, \frac{3}{4}, \frac{2}{3}, \frac{4}{11}$
 - $\frac{4}{11}, \frac{2}{3}, \frac{3}{4}, \frac{4}{5}$
 - $\frac{2}{3}, \frac{3}{4}, \frac{4}{5}, \frac{4}{11}$
- What is the square root of $1\frac{9}{16}$?
 - $1\frac{3}{4}$
 - $2\frac{1}{2}$
 - $2\frac{11}{256}$
 - $1\frac{1}{4}$
- A machine packs 180-two-kilogram packets of sugar daily while another packs 250 one-kilogram packets of sugar a day. How many tonnes of sugar altogether do the two machines pack in a week?
 - 4.27 t
 - 0.61 t
 - 2.4 t
 - 8.54 t
- How many days are there between 4th January and 4th March in the year 2014?
 - 60
 - 59
 - 58
 - 57
- What is the value of:

$$\frac{5.5 - 0.5 \times 4.8 + 5}{0.2}$$
 - 4.05
 - 405
 - 0.405
 - 40.5
- What is the place value of digit 5 in the number 135 842?
 - Tens of thousands
 - Thousands
 - Hundreds
 - Tens
- Three people contributed a certain amount to start up a business. Kamau contributed $\frac{1}{3}$, Otieno $\frac{2}{5}$ and Wamalwa $\frac{1}{2}$ of what remained. If what was left after the three contributed was Sh. 2 000; how much money did Otieno contribute?
 - Sh. 6 000
 - Sh. 5 000
 - Sh. 3 000
 - Sh. 2 000

The table below shows the marks scored by a certain student in a certain examination.

Subject	Eng	Kis	Math	Scie	Sscr
Marks out of 30	20	15	30	10	25

- What was the mean score in that examination?
 - 19
 - 25
 - 15
 - 20
- What is the next number in the pattern below? 51, 53, 56, 61, 68, _____

STD 7 MATHS

A. 79
C. 81

B. 75
D. 77

14. Pamela bought the following items from a shop;
3 kg of sugar at Sh. 120.00 per kg
 $2\frac{1}{2}$ kg of rice @ Sh. 80.00
2-2 kg tin of cooking fat @ Sh. 160
2 bars of soap for Sh. 180.00
She gave the trader two-one thousand shiling notes. How much balance did she receive?
A. Sh. 960
C. Sh. 940

15. An oxygen bus left Mombasa for Nairobi at 9.25 p.m. It took 8 hours and 45 minutes to travel from Mombasa to Nairobi. At what time did it arrive in 24 hours clock system?
A. 0510 hrs
C. 1810 hrs

16. The diagram below represents a track of a certain field.

If Kipkemoi ran round the field five times, what distance did he cover in kilometres?
(Take $\pi = \frac{22}{7}$)

- A. 2 200
C. 22
17. A trader bought a pair of trousers for Sh. 1 200. After sometime, he sold the same trouser at Sh. 1 600. What percentage profit did he make?
A. $33\frac{1}{3}\%$
C. 20%
18. Which of the following statements is true about a rhombus and a square?
A. Each interior angle is a right angle.
B. Diagonals are equal.
C. All sides are equal.
D. Diagonals do not bisect each other at right angles.
19. A rectangular plot measures 80 metres by 60 metres. Poles are to be fixed at an interval of 5 metres apart leaving a 10 metre space for the gate. If each pole costs Sh. 150, how much is needed to fix all the poles in this plot?
A. Sh. 8 250
C. Sh. 7 950

20. Work out:
 $0.56 \times 0.078 \times 6$
 $0.12 \times 1.3 \times 0.7$
A. 0.024
C. 0.24

B. 24
D. 2.4

In the figure below line PQ is parallel to RS. Line AB and CD are transversals.

21. Which of the following statements is true?
A. $i + l = c + b$
B. $c + j = b + i$
C. $g + n = e + m$
D. $o + n = 180^\circ$

22. The figure below shows a trapezium.

Find its area.

- A. 77 m^2
C. 238 m^2
- B. 172 m^2
D. 161 m^2
23. 24-twenty five decilitre packets were emptied into an 80 litre tank. How many more twenty five decilitre packets are required to fill the tank?
A. 32
C. 16
- B. 80
D. 8
24. Convert 30 m/s to km/hr.
A. 108 km/hr
C. 1.08 km/hr
- B. 10.8 km/hr
D. 1 080 km/hr
25. A rectangular block measures 2.5 m by 1.5 m by 85 cm. Calculate its volume in m^3 .
A. 318.75 m^3
C. 3.1875 m^3
- B. $31 875 \text{ m}^3$
D. 31.875 m^3
26. The distance round a motorbike wheel is 3.08 m. What is the radius of the wheel in cm?
A. 98 cm
C. 70 cm
- B. 24.5 cm
D. 49 cm

27. After 30% of water from a full tank was used to irrigate cabbages, 1 120 litres remained. How many litres of water can the tank hold when full?

- A. 1 800 litres B. 1 600 litres
C. 2 000 litres D. 1 200 litres

28. Simplify the expression below.

- $4(2y + 3x + 4) - 3(y + 2x - 2)$
A. $5y + 18y + 6$
B. $5y - 18y - 6$
C. $5y + 6x + 22$
D. $5y - 6x + 22$

29. Below is an incomplete stack of cubes.

How many cubes form the stack above?

- A. 86 B. 68
C. 96 D. 108

30. Which one of the following sets of measurements can be used to construct a right angled triangle?

- A. 5 cm, 12 cm, 17 cm
B. 8 cm, 24 cm, 25 cm
C. 4 cm, 5 cm, 6 cm
D. 8 cm, 15 cm, 17 cm

31. The population of Harmony school in the year 2013 was 600 pupils. In the following year, the population increased by 25%. How many pupils were there in the year 2014?

- A. 750 B. 650
C. 850 D. 1 050

32. The figure below shows a rectangle.

Calculate its area.

- A. 864 cm^2 B. 660 cm^2
C. 736 cm^2 D. 558 cm^2

33. Construct triangle ABC in which angle CAB = 60° , angle ACB = 40° and line AB = 7 cm. Measure line CB.

- A. 10.2 cm B. 9.2 cm
C. 8.2 cm D. 7.2 cm

34. Express 0.16 as a percentage.

- A. 1 600% B. 1.6%
C. 0.16% D. 16%

35. A distance of 12 km is represented on a map by a line measuring 5 cm. What is the scale used?

- A. 1:240 000 B. 1: 24 000
C. 1:2 4000 000 D. 1: 2 400

36. Phoebe paid Sh. 36 000 for a sewing machine after getting a 20% discount. What was the marked price of the sewing machine?

- A. Sh. 28 800 B. Sh. 9 000
C. Sh. 45 000 D. Sh. 54 000

37. Simplify the inequality:

$$\frac{4}{5}x - 2 < \frac{1}{10}x + 19$$

- A. $x < 18\frac{7}{9}$ B. $x \leq 30$
C. $x > 30$ D. $x > 18\frac{7}{9}$

38. A uniform path measuring 1.5 m wide runs round a fish pond measuring 32 m by 24 m wide. What is the area of the plot?

- A. 768 m^2 B. 854.25 m^2
C. 840 m^2 D. 945 m^2

39. A shopkeeper had some money in the following denominations:

Sh. 1 000	-	5
Sh. 500	-	14
Sh. 200	-	16
Sh. 100	-	12
Sh. 50	-	18

He changed all the money into fifty shilling notes. How many notes did he obtain altogether?

- A. 346 B. 512
C. 288 D. 442

40. The figure below is made up of a semi-circle of radius 7 cm and two triangles.

What is its area?

- A. 168 cm^2 B. 476 cm^2
 C. 245 cm^2 D. 77 cm^2

41. In Masai Mara national park, there were gazelles, zebras and antelopes. The number of gazelles is represented by letter g . The number of zebras is three times that of gazelles. There are 800 more antelopes than gazelles. Which of the following expressions show the total number of animals in the park?
 A. $5g - 800$ B. $5g + 800$
 C. $3g + 1600$ D. $4g + 800$

The table below shows the charges for sending money orders.

Value of order (sh)	Commission (sh)
Up to 500	Sh. 72.00
501 - 1 000	Sh. 96.00
1 001 - 5 000	Sh. 114.00
5 001 - 10 000	Sh. 133.00
10 001 - 20 000	Sh. 176.00
20 001 - 30 000	Sh. 204.00

42. Martin sent two money orders to his two children for school fees, Sh. 8 500 and Sh. 23 000 respectively. How much money did he pay at the post office altogether?
 A. Sh. 31 500 B. Sh. 30 437
 C. Sh. 31 818 D. Sh. 31 837
43. The table below shows the number of times the teams that went for Beijing, China won gold, bronze and silver. Five points were awarded for each gold won, three points for each silver received and one point for each bronze.

Medals	USA	Cuba	Jamaica	Kenya
Gold	8	3	5	4
Silver	1	4	2	8
Bronze	6	8	8	3

- Which of the above countries got the least points in the competition?
 A. Cuba B. USA
 C. Jamaica D. Kenya

44. The figure below shows a triangle.

- Find its perimeter.
 A. 30 cm B. 32 cm
 C. 40 cm D. 36 cm

45. Which of the following net will form a closed cube once folded?

46. Gideon borrowed Sh. 50 000 from a bank that charged simple interest at the rate of 2% p.a. How much should he pay the bank at the end of two years?
 A. Sh. 52 000 B. Sh. 2 000
 C. Sh. 54 000 D. Sh. 4 000

47. What is the value of $(2\frac{1}{5} - 12\frac{1}{3} + 10\frac{1}{2}) \div 3\frac{1}{4}$?
 A. $\frac{22}{195}$ B. $\frac{18}{195}$
 C. $\frac{23}{120}$ D. $\frac{62}{195}$

48. In the figure below, ABC is a straight line. Line AB=BC=BE. Angle ECB = 50°

- Calculate the size of angle DAE.
 A. 130° B. 140°
 C. 125° D. 120°

49. Work out:
 $(3.5 - 3.25)^2$
 A. 6.25 B. 0.625
 C. 0.0625 D. 0.00625

The graph below shows the journey made by Wasike.

50. How many kilometres had he covered by 9.00 a.m?
 A. 30 km B. 40 km
 C. 43 km D. 55 km

COMPOSITION MARKING SCHEME

MARKING CRITERIA

1. The composition will be assessed according to the following guidelines.

- The maximum mark will be 40 and the minimum 01

- Does the script show that the candidate can communicate accurately, fluently and imaginatively in English?

Accuracy (8 marks)

(a) Correct tenses and agreement of verbs (4 marks)

(c) Following a sequence (4 marks)

(b) Accurate use of vocabulary (8 marks)

(d) Correct punctuation (4 marks)

(8 marks)

(8 marks)

(4 marks)

Fluency (8 marks)

(a) Words in the correct order (4 marks)

(c) Correct spelling (4 marks)

(b) Sentence connected and paragraphs (4 marks)

(d) Ideas developed in logical sequence (4 marks)

(4 marks)

(4 marks)

Imagination (8 marks)

(a) Unusual but appropriate use of words and phrases (4 marks)

(b) Variety of structure (4 marks)

NB: Please teachers you are requested to scrutinize this marking scheme before use. It is worth.
