Read the passage below and answer questions 26 - 38

For a long time, Kenya was considered a haven of peace in Africa, and a beacon of hope for the entire continent. Since independence we generally had peaceful elections and calm transitions from one government to the other. But what happened after the December 2007 general elections shocked not only many Kenyans but also the entire world. Brother bayed for brother's blood. Communities that had peacefully co-existed for decades declared war on each other.

Many people needlessly lost their lives, houses went up in flames. Thousands were displaced and had to live in the so called IDP Camps and many were raped. Kenya bled.

We watched in horror as the beacon of hope was turned into a theatre of the absurd, bloodshed, suffering and pain like had never been witnessed before in independent Kenya.

And all for what? The common wananchi took it upon themselves, to exact retribution for wrongs they perceived to have been committed against them.

Suffice it to say that the Kenya voters went to the ballot and exercised their democratic right as expected of them. They did their bit but the political class messed the country. Kenyans were used as pawns in a class game.

Little wonder then that as we fought, not a big number of the politicians dared leave the looting, and the destruction of property.

It should not be lost on Kenyans that prior to the elections, politicians moved across the country in droves to solicit for votes from the marauding youths, pointing out the unfortunate fact that the youths trusted them and obeyed them to the letter.

Did politicians hold the key that could sort out the elections aftermath mess in a second?

Did many try to stop the destruction? It is my humble submission that they use the key? Your guess is as good as mine. From their hiding, they proclaimed from the rooftops the need for peace and justice.

But whose peace and justice were they talking about? What justice is there for the hundreds who lost their lives, for the children who lost their parents; for people who lost their means of livelihood and their property, and the people who were sexually abused?

Lakini hakujulikana kutokana na nafasi yake ya kazini bali kutokana na wasifu wake. Daima alipenda kuvaa sut na kufunga tai zilizochukuana vyema na suti zenyewe lakini hakuwa na tabia hii zamani. Wanaomjua kwa karibu wanasema kuwa alianza kuvaa suti mara tu aliporudi kutoka uingereza alikoenda kufanya kazi ya kujipiga msasa. Aliibwaga chini tabia yake ya hapo awali ya kuvaa vitenge na suruali zilizopakwa rangi. Viatu vyake vilipigwa rangi na sulu kiasi cha kuwa aina ya vioo.

Wakati wa chakula cha mchana, wafanyikazi wa idara hiyo walikwenda kula kwenye kioski cha mzee Turungi kilichokuwa mkabala na mahali pao pa kazi. Hapo zamani mukelele aliandamana na wenzake kwenda kwenye kioski hicho kupata chakula lakini alipotoka uingereza alikuwa mtu mwengine kabisa. Alikuwa kama nyoka aliyejibambua gamba lake la zamani. Hakuwa Mukele Yule watu waliyemzoea. La hasha! Alikuwa Mukele mwengine.

Ujuzi wao ulizidi ule wa Bwana Mukele mara kadha. Haikuchukua muda kabla cheo chake kunyakuliwa. Sasa akawa naibu wa meneja. Lakini kabla ya miezi mitatu kupita nafasi yake ya naibu nayo ikanyakuliwa na kijana mwenye ujuzi zaidi. Ikabidi Mukele kurejea kwenye kazi yake ya zamani ya ukarani.

Alijaribu juu chini kuendelea na maisha yake ya juu lakini akashindwa. Hotelini aliacha kwenda saa saba, aliagiza aletewe chakula ofisini. Alidai alikuwa na kazi nyingi, lakini haya hakuyafanya kwa muda mrefu, alisumbuka mpaka hatimaye akaamua kurudi mwa mzee Turungi.

Alihakikisha kuwa ametangulia kabla ya wenzake kufika hapo ndipo abugie chakula chake na atokomee kabla hawajaingia. Lakini kwa bahati mbaya, wenzake walimkuta hapo hapo. Yule jamaa aliyemwambia kuhusu hoteli ya vizito alimwona. Alipaza sauti na kumwambia, "bwana Mukele karibu tena bwana. Hii ndiyo hoteli ya vizito vyenyewe!" wenzake walicheka kwa sauti ya juu.
