Soma kifungu kifuatacho kisha ujibu maswali 31 mpaka 40.

Hapo zamani, Nyani na mamba walikuwa marafiki wa chanda na pete. Kulikuwako na mwembe mkubwa kwenye ukingo wa mto. Wanyama wengine wa porini walishangazwa na urafiki huu usiokuwa wa kawaida. Hata hivyo wanyama wengine walitahadharisha watoto wao na uhusiano na mamba. Nyani alikuwa na mazoea ya kupitisha wakati wake mwingi akiruka kutoka tawi moja la mwembe huo hadi kwa jingine. Mamba naye alitoka majini wakati wa asubuhi na jioni halafu wangepiga soga la kirafiki kwa muda mrefu.

Licha ya urafiki wao, nyani hakuthubutu kumkaribia mamba. Alihofu kuwa huenda akamrukia na kumla alivyowala wanyama wengine waliokaribia majini. Siku moja mamba alitaka kujua ni kwa nini nyani haongelei. Nyani alimwambia na kusema, "Sio kwamba sitaki kuongelea, ni kwamba unadokeza tu asubuhi na alasiri wakati maembe haya ni matamu mno." Mamba aliuliza tena, "Au ni kwa sababu unadhani ninaweza kuusaliti urafiki wetu na kuishia kukumeza?" Nyani alimweleza kuwa hakuwa na sababu ya kuwa na fikra mbovu kama hizo.

Tangu siku hiyo mamba alianza kumsisitizia nyani umuhimu wa kumtembelea yeye na jamaa yake. Kila mara nyani alitoa udhuru wa kumtembelea. Angesema alikuwa akiunwa, siku nyingine alidai kuwa wageni na visingizio hivyo vilikosa kikomo. Hata mamba aliposhtakia hali ya mke wake kwa Nyani, hakutetereka kamwe.

Siku moja baada ya shinikizo kubwa la mamba, nyani aliamua kumzuru mamba. Siku iliyofuata. Mamba hakuweza kuzuia furaha yake. Hatimaye lengo lake lilikuwa limetimia. Walikubaliana kuwa nyani angepanda mgongo wa mamba. Mamba alianza kuongelea kuelekea katikati ya mto. Ajabu ni kwamba hawakuwa na mengi ya kuzungumza kinyume na hapo awali. Nyani alifurahia mandhari ya sehemu hii. Ghafla Mamba alimgeukia nyani na kumwambia, 'mke wangu amekuwa akiugua kwa muda mrefu na mganga aliniambia kinachoweza kumponya ni nyani tu! Basi ninachotaka ni moyo wako. Jasho lilimtiririka nyani kama maji kutoka kwenye chemchemi.

Kumbe mamba alikuwa chui ndani ya ngozi ya kondoo. Nyani aliwaza haraka na kumwambia, wao akina nyani wanajua mioyo yao ni dawa na hawatembe ni nayo shelabela. Alimweleza mamba ampeleke alikomchukua ili atoe moyo wake mtini amsaidie kwani alikuwa rafikiye wa dhati.

Mamba alishawishika na kumrejsha nyani. Walipokuwa wakirudi, nyani alimweleza kuwa kulikuwa na mioyo mingine mtini. Jambo lililozidisha kasi ya mamba kumrudisha. Walipofika ukingoni, nyani alirukia mwembe ule kwa matumaini makubwa. Alipofika kileleni alimwambia nyani afungue kinywa chake aupokee moyo wake. Mamba alipofunga macho na kupanua kicha, nyani alimlenga mamba embe mbichi ambalo nusura liyavunje meno yake. Urafiki wao ukafikia kikomo.

Maadili ni uti wa mgongo wa jamii. Jamii iliyo imara ni ile izingatiayo maadili. Mikakati ya kuimarisha maadili katika jamii ni muhimu sana. Kinyume na ilivyokuwa siku za kisogoni, sasa maadili katika jamii zetu yanazidi kudidimika kila uchao kiasi cha kututia wasiwasi. Mtagusano wetu na mataifa ya kigeni kupitia teknolojia unaweza kuchangia utovu wa maadili. Watu wengi hufikiria kuwa mmomonyoko wa maadili ndio ustaarabu unaostahili. Kushabikia nyendo mbaya huchangia upalilizi wa uozo wa tabia. Hali hii inaweza kuzifuja jamii hizi.

Ni ukweli usiopingika kuwa umaskini wa jamii umewafanya vijana kwa wazce kutamani na kukumbatia njia za mkato za kujitajirisha. Kwa kungiwa na ubinafsi na tamaa nyingi, wao hubuni miradi ya kifisadi. Watu hao hufanya kila wawezalo kutafuta mianya ya kujipenyezea pesa. Wao hufanya makosa haya ya jinai bila kujali madhara yake. Rushwa huzidi kutolewa ili kufunika njama ambazo huwa ni maradhi hatari kwa usalama wa nchi na wananchi wake.

**Tamaa inapokithiri**, roho za fisadi hao hazitulii bali huzunguka huku na huko kwa kasi isiyomithilika. Watu hujikaza kuwafikia na kuwapiku waliowashinda kiuchumi. Mathalani watu ambao juzi ya jana walikuwa hawana mbele wala nyuma ghafla huanza kuendesha magari ya kifahari na kuishi na kujijengea ghorofa katika mitaa inayotajika. Kama hali hiyo ingeletwa na **nyota ya jaha** ingeeleweka. Lakini utajiri huo ni zao la wizi wa kalamu au kuzunguka mbuyu, wahusika sharti walaaniwe na kutiwa mbaroni kwa mujibu wa sheria ya nchi. Vijana ambao hakika ndio mihimili ya taifa la leo na kesho wanapaswa kujitenga na vitendo hivyo vinavyoweza kudhalilisha utu wa jamii na kuleta aibu machoni pa jamii ya kimataifa.

Nchi nyingi za kiafrika hutafuta mikakati ya kukabiliana na ufisadi ili ziimarishe maadili. Mojawapo ya mikakati hiyo ni kuripoti visa vyovyote vya ufisadi kupitia arafa na wafanyakazi wa umma kujaza fomu za kuonyesha rasilimali zao. Hata hivyo wahusika bado huzua mbinu nyingine kuzuia juhudi za serikali. Jambo hili huwa gumu hasa wahusika wanapopata kinga kutoka serikalini.

Niwazi kuwa mtu hawezi kushindana na mkono mrefu wa serikali. Juhudi za kukomesha ufisadi hivi majuzi zimeanza kuzaa matunda. Wahusika wa mradi maarufu wa vijana walioshukiwa kushiriki ufisadi, walijiuzulu na uchunguzi dhidi yao kuanza. Tayari walishafunguliwa mashtaka. Mambo kama haya si mageni nchi nyingi barani Afrika. Kutokana na matamshi ya viongozi maarufu kama vile papa mtakatifu na rais wa Marekani dhidi ya ufisadi, nchi nyingi sasa zimeamka na kukaza kamba katika kuupinga ufisadi.

The drought in the animal kingdom had escalated so much that all animals risked dehydration. Fox could not put up with this anymore and resolved to try his luck. He roamed all over the plain to no success. He was about to give up when he stumbled upon a deserted well. The well had a little water but was rather too deep. Determined to quench his insatiable thirst, he plunged into the well. The water was cool and clean. He drank to his satisfaction wishing he could stay there for ever.

Reality struck him and suddenly he recalled his family back at home. He looked up the well only to realise that there was no possible way out. He was now in a complex web of confusion and resorted to calling for help. He cried and yelled for help until his voice became hoarse, almost inaudible.

The goat was also wandering the plain looking for a solution to his parched throat. Thinking he had heard a faint cry of distress from a distance the goat searched for its source. His concern led him to the well where the fox lay helplessly. He peered into the opening and saw the poor fox. The fox was finally happy that help was in the offing.

"Please, my friend goat, look for a rope or a ladder and get me out of this well," the fox begged. Full of pity the goat obliged. For several minutes he looked for a remedy but he was unlucky. He went back and informed the fox.

"You see my friend, with your long body and horns you can still help me if you wish. Jump right into the well then stand against the wall. By doing so, I shall climb out and get my own rope at home to help you out. After all you too need some water." Fox suggested this and totally convinced the goat.

The goat did not hesitate but jumped right in. He first gulped mouthfuls of water before standing against the wall of the well to save his friend. In the wink of an eye, fox was up there safe and sound.

"It's now your turn!" shouted the goat from inside the well. The fox let out a wicked smile.

Read the passage below carefully and then answer questions 39 to 50.

It has come to the limelight that most of our politicians rarely pursue the interest of the public. Therefore we need not take them seriously and should check each and every word they utter. Kenyans ought to keep a keen eye and ensure that the constitution is fully implemented. They should not allow any attempt to interfere with the process. The relevant commission must lead and ensure that the process remains intact and on track. It must safeguard the true interest of Kenyans and avoid instances of confusion and political bias.

The young population has a major role to play here as agent of change. They should come out strongly and air their voice. In fact, the new law holds a bright future for the youth. Therefore, their active involvement and that of other civil society groups is necessary. Young people must be on the front line in opposing any ill attempt by the politicians to sabotage the implementation of the new constitution.

The youth have a responsibility to push for the realisation of the new laws and ensure the change that Kenyans voted for, in the referendum, is realised. Young people participated overwhelmingly for the new constitution. By doing so, they demonstrated that they needed a change of the old way of governance. Majority of the Kenyans believe that the new constitution will provide an opportunity for them to embrace a better future together. If properly implemented, the constitution provides an opportunity to fight corruption, ethnicity, impunity, poverty and inequality which have for many years hindered our growth and development.

It should be understood that the process of constitution is not a reserve of politicians and committees. Kenyans must not abandon their role and allow the politicians to control the process. Politicians have showed vested interest and thus cannot be trusted to be committed fully to the implementation. Quite a good number of politicians are beneficiaries of the old regime order and are afraid of the new constitution robbing them of some privileges they enjoy.

Finally, they whatsoever, must not be given a go-ahead to cause confusion and bar the implementation of the new constitution. In fact, members of senate and parliament need to realise that they are people's agents and depend on the tax payer's money. Therefore, they must do a good job. The citizens are their bosses and they have a duty to carry out their wishes.

A. relevant.  
B. timely.  
C. actual.

42. What is the main task of the commission appointed to oversee the matters of the constitution?  
A. To safeguard the true interest of the citizens.  
B. To pursue the interest of the public.
